THEY MAKE POLITICS

The Hoosier Republicans Have Their Day.

THEY ENDORSE HARRISON AND REED.

A Murderer Arrested in Nevada County. Land Grant Forfeitures—Racing Today.

INDIANAPOLIS, September 10.—The Republican State Convention met this morning. Hon. R. W. Thompson, ex-Secretary of the Navy, was made permanent chairman and spoke at length in review of the history of the Democratic and Republican parties, the tariff, etc.

The platform was then reported. It indorses the Administration of President Harrison and the conduct of Speaker Reed, condemns the Democratic doctrine of free trade, favors reciprocity, approves the Silver bill, favors the Lodge bill, opposes alien ownership of land, and demands laws to prevent food adulteration, denounces trusts and combinations, favors reasonable river and harbor improvement, denounces the White Cap outrages, demands local option and approves the "original package" bill, demands the election of United States Senators by popular vote. Every reference to Reed was greeted with prolonged applause. A resolution was adopted selecting the eagle as the emblem of the Republican party to be used on the ballot provided for by the Australian ballot system. A resolution adopted ordered the Secretary of the convention to send a congratulatory telegram to Thomas B. Reed, "formerly of Maine, but now of the United States." The plank endorsing Harrison is as follows: "We endorse the administration of Benjamin Harrison and the able statesmen selected as his co-laborers and advisors as being wise, vigorous, and patriotic. It has kept the pledges made to the people, has carefully guarded and zealously promoted their welfare, and elevated the condition of the public service. We heartily approve the action of the Republicans in Congress, under the leadership of Thomas B. Reed. They have again proved that the Republican party can be relied upon to meet and solve great public questions, and have once more demonstrated its capacity for intelligent and patriotic government." The tariff plank re-affirms the party's belief in the Republican doctrine of protection to American industries, and commends the policy of reciprocity proposed in connection with pending tariff legislation.

Milton Trusler was nominated for Secretary of State; for Auditor, I. N. Walker was nominated; and for Treasurer, George W. Pixley.

THE CLOSING DEBATE.

The Senate Will Vote on the Tariff Bill To-day.

WASHINGTON, September 10.—In the Senate Morgan offered a resolution, which went over till tomorrow, calling on the Secretary of the Interior for a statement concerning the land claims of the Southern Pacific. Also a resolution of instructions to the Senate conferees on the Land Forfeiture bill in relation to the Northern Pacific and other companies. Laid on the table for future action.

The Tariff bill was then taken up, the question being on its passage, six hours being allowed to close the discussion, after which a vote will be taken. Hoar, referring to the reciprocity proposition, said he voted for it yesterday with some hesitation, and should not have done so if he thought that the scheme contained in the amendment was all that was likely to come out of entering on this policy.

Hoar was followed by Hiscock for the Republicans. The Democrats then took a turn, Gibson, Turpie and Vest speaking in opposition to the bill. The six hours for general debate expires at twenty minutes past five o'clock, but the final vote may be somewhat delayed.

At five P. M. the vote on the passage of the Tariff bill was announced yeas 40, nays 29.

NORTHERN PACIFIC LANDS.

Senator Morgan Puts Some Hard Questions.

WASHINGTON, September 10. — Senator Morgan today introduced a resolution directing the Senate conferees on the Land Grant Forfeiture Bill to insist that all mineral land granted the Northern Pacific, except certain iron lands, shall be disposed of under the mineral laws, the same as if they were part of the public domain. Whenever the Northern Pacific shall relinquish its title to any of these mineral lands, it shall receive, in lieu thereof, an equal amount of agricultural or timber lands. The conferees are instructed, further, to insist upon the provision declaring that the United States retains the right to amend the act, or to hereafter, declare a further forfeiture of Northern Pacific lands. He also introduced a resolution calling upon the Secretary of the Interior for full information respecting lumber suits between settlers and the Northern Pacific, the proceedings taken on them and whether the railroad company changed the location of any part of its roads, whether lands were received along the line of these new sections and whether any part of the road was definitely located within the time fixed in the charter.

Nevada City Natives—A Murderer Arrested.

NEVADA CITY, September 10.—The home guard of Hydraulic Parlor, N. S. G. W., headed by the band of Cudgey Bear Camp No. 1, last night painted Nevada City red in celebration of Admission Day, by parading in fantastic costumes and having a fireworks display. The festivities closed with a banquet.

RIOTOUS STRIKERS.

The Southampton Dockmen and Sailors Make Trouble.

SOUTHAMPTON, September 10.—The striking dock laborers, sailors and firemen still maintain a menacing attitude. The authorities fear further rioting, and another detachment of troops has been summoned.

Some of the strikers have gone out in boats to meet the incoming steamers with the object of persuading the men to join the strike. The admiral has been asked to assist in preventing this. Today a threatening mob gathered about the mayor's residence and made demonstrations. The mayor telephoned for assistance and soldiers were dispatched to disperse the crowd.

THE METHODISTS.

They Open Their Conference in Pacific Grove.

The Opening Address—Charges of Immoral Conduct Against Rev. Mr. Simmons.

PACIFIC GROVE, Cal., September 10th.—At the Methodist conference the usual examinations of candidates for admission and continuation on trial have taken place. A new feature was introduced, being a series of popular lectures on pastoral theology to young preachers. At the close of each lecture the young preachers were permitted to ask questions in writing, which were answered by the older preachers. These exercises were instructive and entertaining. Nearly all the preachers have arrived, and a large number of visitors. Bishop Goodsell opened the conference this morning with reading Scripture. Dr. Benson offered prayer, and the sacrament of the Lord's supper was administered to the conference and a large number of visiting friends. The Bishop, in his opening address, gave a flattering tribute to our State, and expressed great gratitude that the stars and stripes floated over California rather than the Texan or Spanish flag. Rev. Mr. Buck was appointed Conference Secretary and Rev. Mr. Anguin as Statistical Secretary.

Charges of immoral conduct were preferred against the Rev. Mr. Simmons, counsel for the accused Drs. Benson and Case; counsel for the conference, Rev. Buxton and Willis. A select committee of thirteen was appointed to try the case. Eleven young men applied for admission into the conference.

A LARGE BATH HOUSE.

The Piedmont Cable Company to Make Another Inducement to Ride on Its Cars.

The Consolidated Piedmont Cable Company will erect a fine bath house along the engine house of the company near the head of Lake Merritt and provide it with fittings for hot and cold water baths and probably for salt and fresh water.

A Thankful Drunk.

George Kelly was very affable to Justice Ogden when he was charged in the Police Court this morning with drunkenness. He not only said that he was guilty, but he asked that he be detained a couple of days so that he could sober up well, and in response Justice Ogden sent him down for four days.

"Much obliged for that extra day," he said, as he sat down.

There were twenty-two other drunks on the docket, and fourteen of them contributed $6 each to the City Treasury.

John Hackett Sues.

John Hackett has brought suit in San Francisco to dissolve partnership with John Sherry, et al., and to restrain payment of bills to J. J. Rauer, to whom Sherry assigned his interest in the firm when Sherry became an insolvent. The plaintiff alleges that Sherry has misappropriated funds of the firm.

A Street Railroad Crossing.

The new crossing of the tracks of the Telegraph avenue street car line and the Piedmont cable road, north of the corner of Fourteenth street and Broadway, has been completed, and the Telegraph avenue cars now run to Fourteenth street and make direct connection with the San Pablo avenue cable road and the South Pacific Coast Railway trains.

Liquor Licenses.

Application for a liquor license was this morning filed with the City Clerk by Baptista & Thomas of 1651 Pacific street. The bond bears the names of Charles Kramm and Manuel Rodrick.

Application was also filed by Carl Dechow of 1050 Fourteenth avenue. His bondsmen are R. Ringgenberg and F. Schimmelpfennig.

New Piedmont Cable Cars.

Several new cars were taken today to the carhouse of the Piedmont Cable Company.

DEPEW'S RETURN.

He Endorses the Acts and Policies of His Officials.

FRIGHTFUL MUTILATION AT FRESNO.

Speaker Reed Returns to Washington Wearied by the Campaign—Riots at Southampton.

NEW YORK, September 10.—The White Star Line steamer Teutonic from Liverpool was sighted in the outside bay at 7 A. M. The Inman Line steamer City of New York from Liverpool was sighted east of the lightship at 9:34 A. M.

Two steamers went down the bay to meet the Teutonic, one with a party to greet Depew and the other to meet Archbishop Corrigan, who were on board. They were taken off without waiting for the Teutonic to reach her pier. Among the first to welcome Depew were General Manager Toucey and Vice-President Webb of the New York Central road. Depew was conducted below, where he and Webb held a consultation.

Then luncheon was served. Loomis, of the New York Central, delivered an address of welcome, in which he referred to the strike. Depew, replying, said: "I see about me the largest representation of the organization of the New York Central that, during my presidency, has been gathered in any one place. I take it as testimony to the fact that the organization is a unit in its policy and its action (cheers). I am not here to discuss the questions which have been so ably discussed by Mr. Loomis, but to say that my two months' vacation, entered upon at the usual date and from which I returned at the usual date, left the management of the road in the hands of duly accredited officers whom the directors believed fully competent to manage it in any difficulty that might arise and they have demonstrated that this confidence has not been misplaced. (Cheers.) I noticed that one of the newspapers that came to me seemed to be discussing my Presidential chances. I want to state just here that in no movement of my life and in no utterance that I make is the Presidency of the United States in my mind. When I act as President of the Central I act for the interests of that corporation without any regard whatever to my political chances or opportunities."

THE CROP REPORT.

The Corn Crop Much Damaged—Wheat Below Average.

WASHINGTON, September 10.—The national crop report shows that the injury to the corn crop, reported last month, was intensified by the continuance of drought in August until the rains came, but too late for a full recovery. The average was 70.1 against 73.3 last month, the lowest average since 1881. The returns of the condition of winter wheat at the time of harvesting are less favorable than those of the first of July. As far as threshing has progressed the results are generally disappointing. The July average was 78 2 and the present average 73.5. The general average of spring wheat is also reduced from 93.2 to 79.2. The average for wheat of both kinds is 75.5. In 1888 the September average for both was 77. It was 73 in 1881.

THE SPEAKER'S RETURN.

He Gets Back to Washington but Is Taking a Rest.

WASHINGTON, September 10. — Speaker Reed reached Washington this morning, and appeared at the Capitol at about 11 o'clock. He went at once to his room, where he has since remained, seeing no one. It was expected he would take his seat at the opening session, but he did not respond to the summons of the doorkeeper, and Speaker pro tem. Burrows was summoned.

MYSTERIOUS MUTILATION.

Frightful Condition of a Man Found at Fresno.

FRESNO, September 10.—This morning about 5 o'clock Night Watchman Gilson found a man lying near the depot on the railroad reservation covered with blood and unable to walk. He was picked up and carried to a room, where his wounds were examined by Dr. Sutton. His face was slashed up frightfully, and his mouth cut open nearly to his ears. He was very weak from loss of blood, and his mouth so badly mutilated that he could not talk. He managed to make known his name as John Hays, but nothing more could be elicited. He is a stranger here. He had evidently been assaulted with a knife, but by whom or for what cause is a mystery.

THE NEW APPORTIONMENT

Proposes to Make Each 178,371 of Population the Basis.

WASHINGTON, September 10.—Dunnell, of Minnesota, Chairman of the House Committee on the Eleventh Census, today introduced an apportionment bill on the basis of one representative for each 178,371 of population. This would provide for a total representation of 355. Under the apportionment Alabama, California, Colorado, Michigan, Missouri, New Jersey, Oregon, Texas, Washington, and Wisconsin would each gain one member; Arkansas, Illinois, Kansas, and Pensylvania, each two; and Minnesota and Nebraska, each three. Ohio would lose one.

PACIFIC COAST TROTTERS.

The Meeting Will Be Held at Napa This Year.

SAN FRANCISCO, September 10.—Contrary to public expectations, the races of the Pacific Coast Trotting Horse Breeders' Association will be held this year at Napa, instead of over the Bay District track in this city. The terms offered by the Napa society have been accepted, and it was decided to hold the meeting at that place, beginning until October 11th and continuing until the 18th.

A LARGE REWARD.

Sheriff Hale Offers $250 of His Own Money.

Sheriff Hale has offered a reward of $250 out of his own pocket, for the arrest of the robbers who attacked William Snyder at Niles on Friday night. It was at first thought that they came towards Oakland, but this impression is now believed to have been erroneous, and the men are believed to have gone to San Jose. Sheriff Hale has sent out descriptions of the men.

A black mask, which Mr. Snyder says was worn by one of the men, was found on the San Jose road, a short distance from Mr. Snyder's store.

Little Injuries.

H. Sturm, the driver of the Sixth street engine, sprained his left ankle while attending a fire last night.

F. A. Blethen, an employe of the Eagle Planing mills, had his left hand badly cut by some machinery this morning. The wound was dressed at the Receiving Hospital.

The Cost of the Celebration.

The total amount paid into the general fund for the expenses of the celebration yesterday in San Francisco was $44,000. Of this Senator Stanford contributed $5000, giving that sum to the parlor bearing his name.

A REMITTANCE DELAYED.

Money Did Not Arrive and the Expectant One Killed Himself.

Recognition of a Dead Man From a Photograph Taken by the Coroner. Drowned at West Berkeley

On the twenty-ninth day of July last a man somewhat passed the middle age of life was observed walking about on the wharf of the Lumber Company at West Berkeley, and not long afterwards his dead body was found floating with the tide. Evidently he had committed suicide and Coroner Evers took charge of the remains. Although the body was kept several days no one appeared positively to identify it although from laundry marks on the man's linen a TRIBUNE reporter ascertained that the name of the owner of the clothing was either Harris or Morris. Before burying the body in the potter's field Coroner Evers had the face photographed and it was through this picture that the body was identified today.

J. E. Blethen, ex-Mayor of Oakland, who resides at 563 East Fourteenth street, met Coroner Evers, and casually remarked that an old man, who had stopped at his house for a few days, had suddenly left on July July 28th, and, although he had promised to call again sometime, nothing had been seen of him up to the present. The Coroner showed Mr. Blethen the drowned man's photograph, and he declared it to be the portrait of the man he referred to, and said his name was Thomas Harris. To make sure, however, Mr. Blethen carried the photograph home, and Mrs. Blethen and another lady positively identified it as the likeness of their former boarder, Thomas Harris. They said Harris had been expecting a remittance from a daughter in Michigan, and, when it did not come, he became very despondent, and left the Blethen residence on July 28th, the day before his dead body was found. When he left he took with him a trunk and valise. This morning, the Coroner learned that a boarder of Conductor Pereau, who lives at Third and Bristol streets in West Berkeley, had been missing for about six weeks, and at this place he found Harris's trunk and valise that had been taken from Mr. Blethen's house. Mr. Pereau stated that the man came there on the evening of July 28th and had not been seen since the morning of the following day. The dead man's identity now seems well established, and Coroner Evers will try to find news of the daughter in Michigan. It is believed that the long-expected remittance arrived shortly after Harris's death, and through this means the Coroner expects to find the man's relatives. The photograph was a fortunate possession in this case.

ANOTHER ELECTRIC ROAD,

To Run From Oakland to Haywards Through San Leandro.

A Franchise Applied for and Those Applying for it Say They Will Build the Road at Once.

The application for a franchise for an electric railroad to connect Oakland with Haywards, filed today, is another long step in the progress of the city and its surroundings. The application is made by H. W. Meek, E. B. Stone, C. E. Palmer and W. J. Landers. The proposed route is out the county road and through San Leandro. Already Mr. Landers holds a franchise for the town of San Leandro, and Mr. Meek holds a similar right for Haywards, so all that is asked is the right of way along the county road and a franchise to operate the road.

The application is signed by a number of the most influential citizens of the neighborhoods to be affected by the building of such a road. C. E. Palmer, Cashier of the Union National Bank, and one of the applicants for the franchise, said that it is the purpose of himself and associates to push the work of building the road as soon as possible. He could not say just how the money would be raised to build it—whether by the issue and sale of bonds, or by private subscription — but was emphatic in the statement that the scheme is in no sense a speculation in a franchise. All those interested in the scheme are directly interested in the prosperity of the country through which the road will run, and they mean business. The overhead system will be adopted, and, if the franchise is granted, work will be commenced just as soon as the preliminary arrangements can possibly be made.

A Crushed Foot.

George Dickerson is a brakeman in the West Oakland yards. He attempted to jump off of a moving train on Monday, fell, and his foot was run over by the wheels. He was taken to the Receiving Hospital, where a part of his foot was amputated.

At the Old Homestead.

W. C. McGregor is on a visit to his old home here. Mr. McGregor, who is now one of the solid citizens of Los Angeles, still retains an interest in his property here, and always carries Oakland in his memory. Since he left this section he has become identified with the railway mail service.

Admission Day at Mills College.

Many of the students of Mills College spent Admission Day with friends in San Francisco, but the majority celebrated their holiday at the college picnicking on Prospect Hill, and having a good time generally. Studies were resumed today.

A Sewer Assessment.

The assessment for the sewering of Broadway, from near the south line of Brook street to the northern boundary line, was completed this morning. The total cost is $1037 35, a rate of 82 cents per front foot.

Good Views.

Deputy Assessor Richard has had mounted a series of views that he took with a Kodak during his recent trip to the northwest. Some of them are very fine.

Not Websterian.

J. J. Hayes, who was arrested for using vulgar language while drunk on the streets Sunday, this morning forfeited a total of $16 bail.

The Repeater at Rest.

City Electrician Carleton has stored away the new repeater, and says that he will keep it by until he gets his new quarters.

WITH THE SEEKERS.

Bits of Political Gossip Floating in the Air.

STRUGGLES IN THE SEVERAL WARDS.

How H. T. Smith and Public Administrator Stanley Nearly Punched Each Other's Heads—The Skirmishing.

As the Republican primaries are to be held on Saturday, the streets are alive with buttonholing men, eagerly asking "What do you know?" "Whom are you for?" "How's she going?" and questions of similar import. Still, though the strife is sharp and eager, the best of feeling prevails. As yet, there is no sign of that bad blood which the Democrats are so anxiously looking for. It is safe to say that there will be no split, no knifing the ticket, and little sulking. There never was a greater certainty of Republican harmony than there is now. As a consequence, Democratic candidates are not very thick.

J. J. White is quietly looking over the field with a view to seeing how much chance he would have of election if he took the Democratic nomination for Sheriff. He is not exactly a candidate for the nomination, but would take it, probably, if it came his way. He has not yet appointed the four county committeemen-at-large which the Democratic Convention empowered him to report. In all probability he will appoint men suitable to or suggested by Mayor E. B. Pond, the party candidate for Governor. The committee will probably meet either on Monday or Tuesday night of next week.

Robert Noblett will contest with White for the Democratic nomination for Sheriff. Both have made the fight before, both were beaten, of course, but both come up smiling to be knocked out again.

Amos Roberts has withdrawn from the fight for the Republican Shrievalty nomination. This leaves five competitors in the field.

Major F. R. O'Brien, candidate for County Clerk, says that the published report that he is in a combination with W. H. H. Hussey, candidate for Sheriff, in the Second ward is untrue.

The friends of Webb N. Pearce, candidate for Sheriff, have determined not to put up an exclusively Pearce ticket in the Second ward, against the Hussey ticket already arranged. Of course there will be opposition to the Hussey ticket, but it will not come in the way of a fight between Pearce and Hussey. The opposition ticket will be unpledged, though of course its natural leanings will be for Pearce or one of the candidates other than Hussey.

In the First ward, only one ticket is talked of so far, though an effort was made to start an opposition on Monday. This seems to have failed, but there is still some talk of an Anti-Stanford ticket being placed in the field. The regular ticket will probably favor Judge W. E. Greene for Superior Court Judge and George W. Frick for County Superintendent of Schools, both of these gentlemen being residents of the ward. Quite probably a majority of the delegates will be for Leckie for Assessor, though not pledged that way. In respect to all other offices it is to be a free-for-all ticket.

In the Second Ward, as has been said, the fight is Hussey and anti-Hussey.

In the Third ward it is arranged to put in the field a ticket in opposition to the one nominated at the caucus at Dr. Pardee's house last week. It is understood that the ticket will favor H. T. (Big) Smith for Public Administrator. Smith is not avowed a candidate for the nomination, but it is believed that if he could get the ward delegation behind him he would make the fight. In any event his attitude in the matter is sufficiently pronounced to get him into trouble. He started to walk up the street this morning with Public Administrator Stanley. The further the two men went the hotter their talk became. Finally there was a challenge to fight, which was accepted. Both started for the back area in the rear of Smith's office, for the purpose of punching each other more or less scientifically. But Smith thought better of it when his office was reached, closed the door on Stanley and told him to keep out. Stanley then went his way, and a bloody war was avoided.

In the Fourth ward the struggle is full of ginger. One ticket will favor Church for Recorder, Robinson for Assessor, Morgan for Supervisor, and Denison for Senator. The opposition will be for Hyde for the Senate and either M. de la Montanya or Getchell for Supervisor. Mr. Morgan's splendid record is making a great deal of uphill work in the road of his opponents.

In the Fifth there was quite a struggle for leadership between Harbor Commissioner C. O. Alexander and J. E. Johnston; but compromises were arranged and only one ticket has yet been arranged. This is believed to favor Chief John W. Tompkins for Sheriff. There will probably be an opposition to this ticket at the polls.

In the Sixth the opposed tickets will respectively favor M. D. Hyde and E. S. Denison for the Senate, other fights being subordinated to this.

In the big Seventh ward the fighting is between a ticket favoring Justice F. W. Henshaw for Superior Judge and R. S. Leckie for Assessor, and another ticket favoring A. B. Hunt for Superior Judge and Thomas M. Robinson for Assessor.

Over in Alameda there is a likelihood of three tickets. One of these will be the Simpson ticket, favoring Assemblyman Wm. Simpson for the Senate; a second will espouse the cause of Columbus Bartlett for the Senate, and the third will be made up of men who desire to go to the convention, but who have been overlooked in making up the other tickets. Justice Tappan inclines to the belief that the Simpson ticket will carry the west end of the town and the Bartlett ticket the east end. No matter which way the Senatorial fight goes, the delegates are expected to favor Barber for Tax Collector, Krauth for County Clerk, Hale for Sheriff, Martin for Supervisor and Sullivan for Superintendent of Schools.

In the rest of the county there is little fighting. In most of the precincts there will be but one ticket at the polls. In others there will be sharp struggling over the office of roadmaster, all else being overlooked. Murray township is expected to favor Shaefer for Sheriff. It has always been for Rod W. Church, who formerly resided there, but Supervisor Bailey says there is some little opposition to him this time. This may not amount to much, however. In Berkeley the fight is not yet made.

MAJOR KYLE'S NEW SONGS.

Important Additions to the Hymnology of the Salvationists.

Last evening after a street parade the Salvationists held a welcome meeting to Major Kyle, who made his first appearance before the Oakland people. The platform was crowded with soldiers and officers from the Adelphi Theater, White Wings and Turk street corps of San Francisco besides the Oakland Corps, Training Home Cadets and auxiliaries.

The Barracks were well filled, many having to stand during the services. Major Kyle, who had held all night services at the Adelphi Theater the night previous, was unable to deliver an address on account of hoarseness.

The announcement of this fact caused considerable disappointment, as he is a most interesting speaker. He has introduced a number of new choruses set to lively tunes, which are are a drawing feature at the meetings. One begins with these lines:

> I'm a Salvation soldier
> From tip to toe,
> I'll fight the old devil
> Whereever I go!

Another begins as follows:

> We invite you all to go with us
> To have a proper time.
> We're going to the country
> Where the moon does never shine.

A number of "testimonies" were given last evening. "Happy Jack," the restaurant keeper, from San Francisco, said he had given thirty-three years' service to the devil before the Salvation Army picked him up, and the rest of his life would be spent trying to rescue his fellow men. As he marched into the barracks he heard a man say: "The Salvationists are a happy lot of bummers." He expressed a wish that the speaker could be with him from 4 A. M. until 8 P. M. and see whether he did much bumming or not. He not only served meals to his patrons but sandwiched salvation in whenever an opportunity offered.

"White Wings Baby," the youngest convert, "a saved actor" from John Robinson's circus, also spoke.

After the meeting an ice cream supper was served in the upper part of the barracks. The committee in charge was composed of Mrs. Captain Willis, Miss Alice Smith of the Plymouth avenue Church, assisted by others from the East Oakland Baptist Church and Dr. Dille's church.

The Bear Killed.

Those who witnessed the parade yesterday in San Francisco will probably remember the young bear that was held in a wagon by two men, who had cords around his neck. He was very troublesome during the early part of the procession, for he had a great desire to leave the parade, and it was as much as his keepers could do to hold him down. On Van Ness avenue, while he was making a greater attempt than usual to escape, one of the men pushed him back, and Bruin took his captor's hand in his mouth and bit it severely. He did not get a chance to do any further damage though, for they then and there tightened the cords around his throat and killed him.

The Manning Trouble.

Dennis Manning, who was arrested for battery on his wife, this morning entered a plea of not guilty, and demanded a jury trial, which was set for October 30th. He made a similar plea and request in regard to a charge of drunk against him, and it was set for October 22d.

A Tank House on Fire.

At 7:24 o'clock last night it was discovered that the tank house of Paul Perata on Filbert street was on fire. By the time the department arrived the flames were well under headway and about $500 worth of damages were done before it could be extinguished.

Settled It Themselves.

Mrs. L. Peterson was arrested, yesterday, for battery, the charge being preferred by her husband. They settled the matter out of court though, and as no complaint was sworn to this morning, the case was stricken from the calendar of the Police Court.

MORE POSTAL FACILITIES.

Better Arrangements for Mail Service With the Suburbs.

Special Service for Emeryville, Lorin, Golden Gate and Irvington—New Letter and Cabinet Boxes.

Postmaster Bishop is working hard to establish a good postal system for Oakland and he is on the eve of establishing a change that will be especially valuable to the outlying communities. It is to have two direct mails daily to Emeryville, Golden Gate and Lorin, and one extra for Irvington and Mission San Jose. At the present time, strange as it may seem, letters from Oakland to the places named, or vice versa, have first to be sent to San Francisco, and the result is that to get a letter from Oakland to Golden Gate takes from twelve to twenty-four hours.

A similar grievance occurs in the mail service between Oakland and Irvington, for the morning train from there does not connect with the train from Niles, and as all mail is sent on to San Francisco, it takes exactly twenty-four hours for a letter from Irvington to reach Oakland.

The innovation is to be made by means of separate pouches, instead of a general one as heretofore, and the objections to the scheme, that the places were not large enough to have mails of their own, appear to be surmounted. Superintendent Wilder, of the railway mail service, who has the proposition under consideration, will announce his decision.

An attempt is also being made to establish an express mail to Santa Cruz. There appears to be no reason why there should not be an express service on the 2:30 P. M. train, as is the case with San Jose.

Two more of the new cabinet boxes for packages and papers will be placed on the streets tomorrow and five more will be ready soon.

The test of the new letter boxes is adjudged satisfactory. They are safer and sounder than the others and they will by degrees take the places of the old ones now in use.

THE PROHIBITION TICKET.

H. W. Meek, C. E. Palmer, W. J. Landers and E. B. Stone Are Applicants for the Privilege.

The Board of Supervisors held a regular meeting today at the Courthouse. All the members were present.

A communication was received from Mrs. G. Andrade, asking the board to pay the expenses of burial of her husband, as the family is in indigent circumstances. Mrs. Lambert, of Fourth and Franklin streets, indorsed the application, and the widow's request was granted.

William Collyer, an indigent, applied for permission to go to the County Infirmary, as he is unable to care for himself, and the application was granted.

Supervisor Pelouze of district No. 5 reported that during the month of August he had assisted 74 indigents, at a cost to the county of $173.

Applications to open saloons, accompanied by the proper bonds, were received as follows: W. O. Guy, Mt. Eden; W. H. Hinchman, Trotting Park; Thomas Walsh, Claremont; William Specht, San Pablo avenue, near Thirty-sixth street; I. C. Wingate of Fitchburg. The applications were referred to the Judiciary Committee.

Commissioner H. T. Smith of the Grand Army reported the burial of Henry Morton, a Grand Army man, at a cost of $50, and the report was placed on file.

G. S. Naismith, agent of the Providence Washington Insurance Company of Rhode Island informed the board that the policy in his company on the Receiving Hospital for $3000 would expire on September 28th, and it was ordered renewed.

J. P. Hays and others filed protests against the granting of the applications for licenses to sell liquor to John Rocca and Charles Hallmeyer, both of North Temescal, and the protests were referred to the Judiciary Committee. The principal reasons of objection were that the endorsers of the applications are not heads of families and property owners.

When Supervisor Pelouze introduced the following resolution it caused somewhat of a discussion, but it finally passed:

"*Resolved*, That the County Clerk be and he is hereby instructed to discharge all clerks now employed in his office on registration work except ten, two from each Supervisorial District, said ten to be recommended by the Supervisors of the said districts, said clerks to be discharged this day."

A communication was received from Edward O. Webb, William Roberts, A. Jones, Franklin Moss, Peter J. Mathews, J. P. Dieves and S. Huff, asking the Board to grant to H. W. Meek, C. E. Palmer, W. J. Landers and E. B. Stone, their associates or assigns, a franchise to construct and operate an electric street railroad on the main county road between Oakland and Haywards.

Accompanying the petition was the draft of an ordinance granting the franchise, which was referred to the Ordinance Committee for examination.

The ordinance gives the petitioners the right to run cars propelled by horses, mules, wire cables, or electricity, for a period of fifty years, and the work must be commenced within one year from the time of passage of the ordinance. Single fares are fixed at five cents for any distance less than one mile, and the company shall pay to the county $5 a year for each car run on the road.

The Board then adjourned until 2 o'clock.

The contracts for supplying dry goods and groceries to the County Infirmary for the next year were awarded to Joseph Herrscher & Co.

A resolution was adopted rejecting all bids for meat for the County Infirmary and the Clerk was directed to advertise for new bids to be presented on Monday, September 22, 1890.

The board then adjourned until Monday, September 22d.

PERMANENT CULVERTS.

An Important Change in Bridges Over the San Leandro Road.

The Board of Supervisors has ordered new bridges along the San Leandro road. The bridges now spanning the driveway have become rotten, and would not stand another winter's wear. A new cement culvert is being constructed near Fitchburg. It is to be constructed of gravel and cement, will be forty-two feet long, with a ten-foot waterway. The abutments are three feet six inches at the base, tapering to two feet at the top. The work is under the supervision of Ernest Cotton, for many years with the San Francisco Bridge Company, and will cost about $1500. Supervisor Martin is pleased with the work, and will endeavor to have similar culverts built in place of wooden ones.

Drunk, Cruel, and Too Speedy.

Neil Turner, when arraigned this morning in the Police Court for drunkenness, fast driving and cruelty to animals, pleaded guilty to all three of the charges, offering in extenuation, though, that he had only driven fast in a spirit of fun, and that he had not intentionally ill-treated the horse. He was ordered to appear tomorrow for sentence.

Violated the Fire Ordinance.

Sarah Walters, whose residence was rebuilt, after a fire, in violation of the fire ordinance, was arrested therefor yesterday, and will be tried by jury on October 21st. The carpenter, W. H. Mead, who did the work was also arrested, but, on motion of City Attorney Johnson, the charge against him was stricken from the calendar of the Police Court.

Broke a Pane of Glass.

Orlase Debruce and Manuel Caesar, while riding on a broad gauge train, yesterday, broke a pane of glass in one of the windows. They were arrested at the mole, by Deputy Sheriff Kellogg, and charged with malicious mischief. When the case was called, it was set for tomorrow.

BUILT IN A DAY.

Active Work in Erecting a House at Berkeley.

THE NATIVE SONS OF OAKLAND TOWNSHIP.

The Electric Lights Will Shine During This Month, When the Moon Offers No Competition.

BERKELEY, September 10th.

The work on the Peralta Park Hotel is rapidly finishing.

F. W. Snyder is spending a few days' vacation in this town.

Flags were displayed yesterday on many buildings in this town.

Captain B. D. Boswell and wife will not return from the East until next month.

Special half-hour trains were run to Berkeley during the middle of the day yesterday.

Poundmaster Hughes did a good business yesterday. He took five head of cattle in.

The Board of Education did not hold a meeting last evening, yesterday being a legal holiday.

A number of the pioneers residing in this town turned out in the parade in San Francisco, yesterday.

The Town Trustees met last Monday evening as a Board of Equalization and then adjourned. No business was transacted.

Berkeley was deserted yesterday. Business establishments, with the exception of drug stores and barber shops, did not open at all and the latter closed at 10 A. M.

The Coast Range Athletic Club are about to organize a class of boys between the ages of 8 and 14 years. The class will be given two lessons of an hour each per week, by a competent instructor. The tuition will cost 50 cents per month for each member of the class. The proceeds will go into the building fund.

Yesterday was the last day on which the law prohibits the shooting of quail, and many sportsmen were on the hills early, as there are now large numbers of the birds about the several creeks. No one was molested by officers, as it was the last day, and several parties of hunters came down with their game bags full.

The electric lights burn now every night that the moon is not up, but will have to be discontinued at the end of this month, on account of the present condition of the town treasury. It is the general opinion that it would have been much better if the present supply of coal had been saved until winter, as the lights are much more necessary then than they are now.

Early last Monday morning Mr. Gilbert started in with a force of twenty-five carpenters to put up a two-story house on his lot in the Daley Scenic tract. By night the house was up, the roof on, and most of the windows in, and the doors would have been hung had not the millmen disappointed the owner of the house. This is about the quickest work ever done in this town.

There has been considerable complaint lately regarding the number of dogs carried on the local trains. Several years ago, passengers having dogs were obliged to place them in the hands of the brakesmen, who kept them in the baggage car, but now they are carried in the upholstered coaches. Thus the seats are covered with hair and infested with fleas. The company would confer a great favor on their many Berkeley patrons if they returned to the old plan of having the dogs carried in the baggage cars.

FILLING THE ROLL.

The New Parlor of Native Sons of the Golden West.

WEST BERKELEY, September 10, 1890.

It is rumored that Louis Geisberger will get only a light sentence, as the charge on which he was tried a short time ago was the first offense.

Any person in this end of town desiring to join the parlor of Native Sons, which is to be organized in East Berkeley, will do well to leave their names with J. Barkhurst. The required number of applicants to obtain a charter has nearly been obtained, and a committee has already been appointed to confer with the grand officers regarding the matter.

AT GOLDEN GATE.

Personal Notes From the Village at the Cross Roads.

GOLDEN GATE, September 10, 1890.

Mrs. A. L. Hayden is about to remove to San Francisco.

E. L. Perkins is visiting friends in this place for a few weeks.

The street sprinkler has been doing very efficient work on San Pablo avenue for the past week.

It is rumored that Township Constable Page may be a candidate for re-election this fall. In case he is not nominated he has an excellent opportunity to go East and engage in a very prosperous business.

THE UNDERCURRENT

Of Political Feeling as It Appeared to Run.

Chronicle.

The metropolis is ablaze with banners, and given over to the jubilations of a great popular merrymaking. For the moment, by common consent, differences, both social and political, are laid aside, and all parties and creeds have met under the flag of truce fitly emblazoned with the sign manual of our common wealth.

Nevertheless, while waiting for the culmination of our coast's first great jubilee and the recommencement of the exciting campaign just opening, the wise politician takes advantage of the presence of the large representation from every section of the State to apply a timely touch to the public pulse.

If the straws that show the direction of the political wind are to be relied upon, our Republican standard bearers have every reason to be satisfied with the outlook. The quiet undercurrent of sentiment expressed by our visitors unmistakably gives indorsement to the often-made statement that the Native Sons as a whole are strongly Republican. This is a conclusion that might be expected when the material of which the bulk of our visitors is composed is taken into account. Our stalwart young guests from the rugged mountains, the fruitful valleys, the teeming plains and the generous rivers of our Pacific domain inherit not only the straight-going common sense of their indomitable fathers, but have added to this heritage the boon of a broader education and equipment of progressive ideas.

If Emerson's famous axiom, that "the schoolhouse is always republican," has not lost its force, then the young sons of the soil, who will make our State's birthday forever memorable, next Tuesday, will be found, two months hence, almost to a man, on the side of the party with whose help their resolute sires kept their State and Coast in the Union. A tour among the various organizations and delegations evinces this fact, unmistakably; so much so, that it is hardly too much to say, that every badge of the order marks a vote for Markham.

"If we have our way," quaintly remarked the leader of a delegation from a distant county, "your Pond will be frozen over a foot thick."

There is no mistake about it, that if the best brawn and brain of the multitude that now waves the Bear flag in triumph through our streets can accomplish it, the Republicans' contest is already won, and it proves anew, that the heirs of '49 do not forget to whom they owe it, not only that the Union has been preserved, but that in its glorious sisterhood of States their own receives today its golden crown.

Lesson of a Celebration.

The celebration by the Native Sons of the Golden West and the California Pioneers of the fortieth anniversary of the admission of California to statehood is now a matter of history, but its lessons are yet to be studied. The commercial lesson taught by every feast and gala day, no matter where such may be celebrated, has been repeated across the bay, and if Oakland is at all impressionable, it will profit by it in the future, for the commercial value of a great festivity has been proclaimed in San Francisco during the past few days with much greater emphasis than ordinary.

The city of the Golden Gate has been ostensibly enjoying a holiday for three or four days past. It has been decked in gorgeous holiday attire. Its ordinary business has been at a standstill. But, for all that, it has been as a matter of fact, a scene of great industrial activity. The presence of a host of strangers, gathered from the uttermost ends of the State, has kept everybody busy, in one way or other, providing suitable accommodations and entertainment for them. On the surface, the whole affair has appeared to be an offering on the altar of pleasure, but underlying everything has been a stratum of sound commercial sense and thrift.

Off and on, during these gala days, at least a quarter of a million strangers have visited San Francisco. Some people placed the estimate of visitors there yesterday at a much higher figure. And it is safe to say that at least a million dollars has been put in circulation among its people in consequence. This is the price the State has been willing to pay for witnessing the glorious pageant of her native sons. It will quicken the life-blood of the community for months to come, and relieve the financial strain which has afflicted it for many months past.

Of the vast multitude that thronged the streets of San Francisco yesterday, Oakland contributed over half its population—that is, thirty thousand residents of this city crossed the bay to witness the parade of the Native Sons. Possibly as many dollars of Oakland money was spent during the trip. To all intents and purposes, Oakland is, therefore, that much poorer today, and San Francisco that much richer. Year after year the two cities have gone through the same experience, Oakland giving its substance to the support of San Francisco's gala days, without apparently receiving anything in return.

Oakland has not yet learned that celebrations pay, although that fact is demonstrated across the bay every year. It has looked on every show apathetically, paying tribute each time in coin, without profiting by the experience. It got a suggestion of what it might gain in this direction from the recent Turner's festival, but even that seems to have gone for naught. If proper inducements had been offered, the festival of the Native Sons of the Golden West might have been celebrated on this side of the bay, in which event Oakland merchants would have got ten dollars return for every dollar of outlay. That inducement would not, probably, have cost as much as Oakland actually paid yesterday to witness the pageant in the streets of a neighboring city.

The size of a city has really little, if anything, to do with the success of a celebration. That depends chiefly on the energy and enterprise of the community. One of the smallest villages in Bavaria is able every tenth year to attract thousands of visitors from all parts of the globe to behold its wonderful presentation of the Passion Play, and the great annual fair of the Russian empire is held in one of its obscurest towns. Oakland is large enough for the largest celebration ever held on the Pacific Coast. Its macadamized and bituminized thoroughfares offer much greater comforts to those taking part in such pageants as that of the Native Sons than the cobble and block pavements of San Francisco, and there is no lack of hospitality in its households. What it wants is more energy and enterprise, more foresight and more pluck, so that coming events may be anticipated and irresistible inducements offered for the celebration of these events here. The future is pregnant with the anniversaries of historical events of great interest to the State, and when Oakland shall have learned the lesson that celebrations pay, it will bid high enough to get its share of them.

The news from Maine is pretty good. So emphatic an endorsement of the Speaker of the House and his policy, in the face of all the abuse lavished on him for partisan effect, is proof that, in the view of the people, his action has been in the line of substantial justice and the avoidance of the waste of public time.

The Chicago directors of the World's fair have at last selected a site—in two pieces several miles apart. Perhaps this was the best that could be done under the circumstances, but we doubt if Congress would have voted for Chicago had it known that the exhibition was to be split up into sideshows.

More About Muir.

The communication concerning the management of the Yosemite valley, printed in these columns on Monday, throws some light on John Muir's point of view, and suggests a possible cause of bias. Nevertheless the controversy is not advanced toward settlement by Mr. Irish's communication. He simply says to Mr. Muir "You're another. If you had had your way you would have destroyed every living stick of timber in the valley," and, further, Mr. Irish intimates that the criticisms of the State management of the timber are unjust and unreasonable. This has been very much the tenor of the dispute since it started. The attack makes charges. The others deny, and both impute unworthy motives. The public is bewildered, and the question, being of æsthetics, is wholly unable to decide which is right. The only fact which has been made clear in the whole dispute is that the valley has been turned into a highly-organized money-making machine, nicely adjusted to wring the last dollar that the traffic will bear from the reluctant tourist. It is matter of personal experience that it costs less to travel from London by sea and land to Switzerland, and spend a month there in seeing the sights, than it costs to journey from Oakland to the Yosemite valley and devote to it three days.

We do not know that there is any reason to expect that things would be vastly different were the valley under Federal control. We have seen within a few days almost identical complaints made about the charges exacted in the Yellowstone park, with specifications and good authority given. Nevertheless, California would not suffer at all were the control of the Yosemite resumed by the Federal government, and the State would be the gainer if the government would then reserve the whole region comprising the backbone of the Sierra, from the American river south to the Kern, including all the groups of big trees and the greater part of the forest. John Muir proposes to enlarge the present Yosemite reservation by including the Hetch Hetchy and the canyon of the Tuolumne. Representative Vandever's bill to reserve the Sequoia groups has just passed both Houses, and will become law, but these are only piecemeal measures done or proposed in accordance with a halting policy.

John Muir is right, and Mr. Irish wrong, in relation to the unique character of the Yosemite. It is supreme, but not unique. The Sierra is plowed through by at least half a dozen just such giant furrows. They are all characterized by the same savage grandeur of the masses of rock and the beauty of falling waters. Half a dozen miles from the line of the Central Pacific there are gloomy gorges on the American, where crags look down two thousand feet of sheer descent into black pools of water. This is the character of the scenery of the Sierra. It is shown in Muir's drawings of the Hetch Hetchy. It is found on the King's river and on the Kern. It should become, in time, the playground of America, but it is not so much on this ground as on that of the preservation of the forest that we hope for its reservation before it is too late.

CURRENT POLITICS.

W. A. Hawley, of Santa Barbara, was nominated for the Assembly by the Republicans.

Speaker Reed's plurality in his district in Maine was nearly 5000. In 1888 it was 2435. The Republicans carried everything in the State, and their plurality on the general ticket is about 19,000.

The Democrats of Kansas have fused with the Resubmissionists, a faction of the Republican party who desire the Prohibition amendment to the Constitution again submitted to a vote. They nominated for Governor ex-Governor Robinson, a Resubmissionist.

Colonel G. H. Mendell has been appointed by the President chairman of a commission to enquire into the facilities for producing steel forgings for high-power guns on the Pacific coast and the advisability of erecting a gun factory at Benicia for assembling and finishing such guns. The Board meets in New York next week.

MEN AND WOMEN.

Dr. E. H. Pardee has gone to the Geysers.

R. H. Sinclair of Alameda has patented a windmill.

Miss Fannie Howell is visiting friends in Santa Cruz.

Cornelius Mahoney of this city has been granted a pension.

Miss Sophie L. Shaw of Berkeley is to wed Henry N. Rivers, a University graduate.

Miss Marie H. Vincent has returned from a three weeks' visit to Pacific Grove, Monterey.

James Palache and family of Claremont, have gone to San Francisco for the winter.

County Treasurer Socrates Huff and family are stopping at the Agua de Vida Springs.

Postal Inspector Seybolt has moved from San Jose to Oakland and will make his residence here.

Mrs. John M. Brown and Miss Pearl Brown of Gold Hill, are guests of Mrs. F. L. Brown of this city.

G. C. Wardwell of Santa Cruz, a San Francisco Pioneer, is the guest of his daughter, Mrs. Wash. Marion, of Eleventh avenue.

G. C. Wardwell of Santa Cruz, a San Francisco Pioneer, is the guest of his daughter, Mrs. Washington Marion, of Eleventh avenue, East Oakland.

Granville T. Foster, a teacher well-known in the interior of the county and a resident of Sunol, has been appointed assistant principal of the Stockton High School.

A. P. Brayton Jr. is now viewing Yosemite, and when he returns he is expected to contribute some valuable treatise to the literature upon the management of the valley. John Muir hopes that Mr. Brayton may express his opinion for National control, while John P. Irish thinks he will advocate retention of the present State direction of the valley, and also of the "autochthons."

WHO IS ATTORNEY?

Different Representatives of a Litigant.

THE LIE DIRECT GIVEN IN OPEN COURT.

Divorce Cases in the Superior Court—A Charge of Perjury—Estates of Minors and Decedents.

The dull, routine probate proceedings of Department One were relieved this morning by a lively little talk between Attorney Herman of San Francisco, and one of his former clients, Mrs. Meta Schmidt. Mrs. Schmidt is the executrix of the estate of William Schmidt, deceased, and William Sagehorn was on her bond. Mr. Sagehorn wished to be relieved from his obligation, and this application came before Judge Greene. When the case was called four attorneys appeared for Mrs. Schmidt. These were F. W. Henshaw and Victor H. Metcalf and Messrs. Herman & Soto. Mr. Henshaw and Mr. Metcalf claimed to be the attorneys in the case, but Mr. Herman declared himself the attorney for the executrix. Mr. Herman certainly had been her attorney in the past, but Judge Henshaw and Mr. Metcalf and Mrs. Schmidt all said that Mr. Herman had been released, but Mr. Herman wouldn't have it that way.

"I received an insulting letter from this lady," said Mr. Herman, "but I do not consider that a proper or legal discharge."

"Didn't you tell me off of the bench that you desired to retire from the case?"

"I said, when matters were all settled," replied Mr. Herman.

"I did not so understand you," said his Honor.

"Then your Honor was mistaken," replied Mr. Herman.

"Well, do you want to make an application to be released as the attorney in this case?" asked Judge Greene, growing impatient.

"No."

"All right," replied Judge Greene, decidedly. "Then we have nothing to do with you."

At this point an attorney, who had been employed by Mr. Herman, arose to explain, but Judge Greene sat him down with the remark: "Mr. Herman is an attorney and let him appear for himself. This idea of employing another to represent him is preposterous and ridiculous."

Mr. Herman refused to accept any discharge from the position of attorney for the estate unless it was made in open court, so Mrs. Schmidt took the stand and said that she deemed that Mr. Herman had been overcharging her, and she wished to discharge him.

Mr. Herman retaliated by taking the stand and saying that certain accounts in the estate demand his closest attention, because the late Mr. Schmidt never got along well with his wife and son.

"That is a lie," exclaimed both Mrs. Schmidt and young Schmidt, excitedly jumping to their feet and shaking their fingers in the face of their former attorney.

The excitement was smoothed over when Mr. Henshaw and Mr. Metcalf was substituted as attorneys, and a new bond was given by Mrs. Schmidt.

TERMS OF JUDGES.

A Test Case Has Been Submitted to the Supreme Court.

There is a general air of expectation around the Courthouse. There was a general continuance of cases in the Superior Court this morning. Judge Greene held court all morning, but Judge Gibson continued all of his cases until after the County Convention. Judge Ellsworth admitted a citizen and will hold court for Judge Gibson.

A test case to decide whether the terms of Judge Ellsworth and other judges of the Superior Court who have not served six years will expire with this year, has been finally submitted to the Supreme Court. The Governor officially takes the side that the terms of judges will not expire until they have served six years.

Estates Settled.

Judge Greene disposed of some small probate matters this morning.

The estate of M. E. Smith was settled, and the executor and the guardian of the minor children were discharged from their trusts.

The return upon the sale of real estate in the estate of C. O. Black was approved.

In the estate of A. P. Swett, a petition for the sale of real estate was granted.

Divorces.

Thomas C. McPherson failed to answer his wife's complaint in her divorce suit and this morning his default was entered and the case was referred to the Court Commissioner.

The divorce suit of Eliza Buhsen against Nicholas Buhsen, was this morning set for October 22 for trial.

H. H. Hamer's Estate.

The inventory and appraisement of the estate of H. H. Hamer was filed this morning. The estate is valued at $10,950, and consists almost entirely of Haywards real estate save twenty acres in San Bernardino county.

An Insolvent Trader.

Jenny Boystrom today filed her petition in insolvency. Her liabilities are $1755 20 and her assets $150. Her debts are all for small amounts and all the creditors live in San Francisco.

A Mechanic's Lien.

Henry Goesch this morning sued Charles Peterson and Anna Peterson for $377, and filed a mechanic's lien on their house on the Raymond tract at Berkeley.

The Biggi Litigation.

The everlasting case of Therese Biggi against Narcisso Biggi was called before Judge Ellsworth this morning and was continued until Monday for trial.

A Charge of Perjury.

Justice Snook has continued the examination of Alexander Morris, charged with perjury, until the 21st inst.

Property of Insolvents.

Judge Greene this morning discharged W. E. Hale as assignee of Back & Simpson, insolvents, the estate having been settled.

A Divorce Suit Dismissed.

The divorce suit of Rosalt Holewick vs. P. Holewick was today dismissed by both parties.

Race Track Thieves.

Thomas McCartney and John Holland broke into the saloon at the Oakland Trotting Park during the race meeting and stole two bottles of whisky and a number of cartridges. Detective Denny Holland, who was on the ground every day with a betting system, was informed of the occurrence, and ran the boys down yesterday. They both pleaded guilty this morning and were awarded thirty days each.

The Tables Turn.

The charge of battery against Josephine Gottliebson in connection with the row at the broad guage railroad depot on Seventh street, was this morning stricken from the calendar, no complaint having been filed. Later on Mrs. Gottliebson appeared in the Police Court and swore out a complaint against Major Jose Ramon Pico for battery.

A Clever Theft.

Tom McKay, the well known Coast Passenger Agent of the Burlington road, has much occasion to regret the Native Sons' festivities, for on Monday night during the torch light procession his watch and chain and $1000 diamond stud was stolen from him. The work must have been done by a very clever operator, for the stud, which screwed in, was cut completely out of his shirt front.

FROM EAST OAKLAND.

A Man Who Was Riding a Cow for His Celebration.

The house of Mr. Wilds on Tenth avenue and Tenth street has been re-shingled.

Miss Susie Simpson, of Benicia, is visiting Miss Waller, of Eighteenth avenue.

Miss Gunn is putting down a bitumen walk before her house at Clinton station.

Mr. and Mrs. Galf, of Tenth street and Sixth avenue, have returned from a trip to Lodi.

Cement walks have been laid on Twenty-third avenue, from Fourteenth to Monroe streets.

Mr. Harlow is building a cottage at the Twenty-third avenue station, near the railroad track.

A new sewer is being laid in Twenty-fourth avenue, between Fourteenth and Sixteenth streets.

The large eucalyptus trees on Twelfth street, between Fourth and Fifth avenues, have been cut down.

Dr. E. L. Dow, from the East, has opened an office in the Chaffee building on Twenty-third avenue and Fourteenth street.

C. A. Littlefeldt, one of the leading mining experts of Utah, is registered at Tubbs's Hotel. His home is in Park City, Utah.

Mr. Craber, cashier for Robinson's Circus, has been stopping at Tubbs Hotel. He says that the circus took $17,800 out of Oakland.

A pile driver is at work on the new wharf at the foot of Sixteenth avenue. This wharf is for the J. C. Kimble Lumber Company.

Superintendent Robinson of the Jute Mills has been suffering from rheumatism in the knees, but is now much improved and able to be out again.

D. H. Jackson and daughter, Miss Gail, returned on Monday from Nevada, where they have been spending about three months visiting the mines.

Forty-seven delegates to the convention of Locomotive Firemen are registered at Tubbs' Hotel. Many of them are accompanied by their wives and while the men are attending the convention the ladies are visiting Blair Park, Piedmont and other places of resort.

The East Oakland Fire Company was called out this morning at about 3 o'clock by a still alarm. A fire had broken out in the chicken coop of Mr. Shannon on Sixteenth street, between Twenty-third and Twenty-fourth avenues. The blaze was put out before the engine arrived, the damage being about $10.

The brother of Mrs. Mary Anderson has, for the past two days, been looking for witnesses of his sister's accident a short time ago at Brooklyn station. As was stated in THE TRIBUNE at the time, she was thrown down by the San Jose train starting before she was off. She received many bruises and broke her leg, and a suit for damages is contemplated.

On Monday evening, a man named J. J. Hayes had too much stimulant aboard and had saddled a cow and was riding about East Oakland, when Officer McCloud thought that the cow looked better without a man astride her, so he took Hayes to the East Oakland Jail rather than have him walk around town; while Officer McCloud went out to take care of the cow where he had left her in the street, the prisoner set fire to his bed and were it not that George Moffitt of the fire company and Officer McCloud detected the blaze in time, the jail would have gone up in flames and the prisoner would have been roasted.

COUNTY POLITICS.

Editor Daniels Surveys the Filthy Pool and its Bubbles.

Alameda Argus.

George Oakes, of the Haywards *Journal*, is a candidate for State Printer.

There must be an amicable fight in progress for the Superior Judgeships. Not the least ripple appears on the surface.

Bart Morgan and W. H. Noy appear to be having a neck-and-neck race for the Supervisorship in the Third District.

G. A. Swasey, who seeks to be elected Justice of the Peace, is an old Judge and, therefore, has had experience as a magistrate.

Joe Lanktree will of course be chosen again as Alameda's County Committeeman. He has been active and competent in that position.

D. W. Martin has something that begins to look very much like a walk-over. If Jensen comes in there will be a whooping campaign in Alameda.

D. J. Sullivan seems to be looming up as a candidate for County Superintendent of Schools. He gets around, and is sufficiently in motion to ward off the flies.

Good-natured George Nusbaumer has no opposition as County Surveyor. He has grown so familiar in that place that we would feel lonesome to go over to the Courthouse and find a stranger in it.

William E. Hale seems to be more than holding his own in the Sheriff fight. He will probably have the thirty-two from Alameda solid as long as he wants them.

J. B. Barber's friends are doing very effectual work in his behalf. They are not going to let anything go by default. They say that when an officer does well the first term he is entitled to another.

George W. Frick's fight for County Superintendent of Schools is understood to be managed by his brother, A. L. Frick, an active young politician of Oakland. He was a delegate to the State Republican Convention and was a Markham man.

Charles L. Metzger is a candidate for Public Administrator, and not for Coroner, as has been announced. He says he has no fancy for handling dead people, but if their effects lack somebody's care he wouldn't mind becoming the officer.

Those who are fixing things regarding the fight over the Senatorship in Alameda are keeping mighty shady. We have been trying to find out about it, but have failed. We have concluded, however, that there is to be a red-hot time at the primaries next Saturday.

Columbus Bartlett is quietly laying his wires for the preliminaries. W. M. Rank is active for him in the region down about Chestnut street, and W. H. Hinchman further down. F. Boehmer and other prominent citizens are leading a hand up about Park street.

It is reported that a ticket has been put up at the West End in the interest of Bartlett containing the names of E. B. Mastick, George H. Payne, George R. Miller, Charles S. Neal, A. R. Denke, V. M. Frodden, W. H. Hinchman and other well-known citizens. These would make a strong ticket.

The candidacy of Frank Krauth for the County Clerkship is a little out of the ordinary. If the office comes whizzing along in his direction, he will endeavor to get it into his corral, provided he will not stand in the way of Jim Barber for Tax Collector. But as the Clerk will most likely be nominated first, how is Barber to be assured?

POISONOUS MUSSELS.

W. T. Baggett Ill and Domestic Animals Killed.

W. T. Baggett, the well known attorney had a narrow escape from serious illness on Friday last, resulting from partaking too freely of mussels which were not in perfect condition. A friend of Mr. Baggett received a small sack of fine looking mussels from Crescent City and gave the attorney quite a quantity of them, which he in turn distributed among his friends. The mussels appeared to be perfectly fresh and good. After eating some of them on Friday, Mr. Baggett fell ill, but attributed his indisposition to overwork rather than to the mussels, and retired early. During the night he was awakened by painful cramps and a headache, followed soon after by partial paralysis of the extremeties and of the muscles of the neck. His family were much alarmed at his condition, but the application of simple household remedies soon eased his pain, though at times the symptoms returned. Saturday he became ill again and found it necessary to consult a physician, who told him the mussels were probably the cause of his sickness, and that they were probably gathered too far above tide level, or had become tainted on the trip to the city. Mr. Baggett's friends to whom he had given some of the mussels, were similarly attacked, and a cat and four of the best fowls of Mr. Baggett's chicken yard were killed from eating those thrown in the yard.

STRONG FOR TEMPERANCE.

Ladies of the Union Meet in Annual Session and Elect Officers.

The Woman's Christian Temperance Union held an annual meeting last Monday afternoon in the parlors of the First Methodist Church. The devotional half hour was led by Dr. Kellogg. Mrs. R. R. Johnston presided. Committees were appointed as follows:

Courtesies—Mrs. Templeton, Mrs. Dr. Callen and Mrs. Bartlett. Resolutions—Mrs. Van Pelt, Mrs. E. S. Snow, Mrs. Emily Pitt Stevens, Mrs. Major Robinson, Mrs. Dr. Miller.

Mrs. Shanklin, the treasurer, reported the receipts for the year as $1235 05. Disbursements, $1281 95. Balance, $52 10. The membership was reported as 208.

The report of Mrs. S. C. Borland, the secretary, showed twenty-six meetings held and about 1500 letters and postals sent out. One of the best objects has been the establishment of headquarters at 952 Clay street, which has been a center from which a vast deal of temperance sentiment has radiated.

Other favorable reports were presented by Mrs. F. H. Bentley, superintendent of Scientific Temperance Instruction; Mrs. Mary Frank Brown, editor of *Pharos*; Mrs. S. G. Chamberlain, on Finance; Mrs. Edholm, on Press Work; Dr. Alice Burritt, on Social Purity; Mrs. Burbank, of the Evangelistic Department; Mrs. Dr. Adams, of the Department of Narcotics; Mrs. Harrie Borland, of the Rosamond Girl's Union, and others.

Mrs. Southard was made a life member of the State Union.

Officers were elected as follows: President, Mrs. H. P. Van Pelt; Vice-Presidents, Mrs. R. R. Johnston and P. N. Mathews; Secretary, Mrs. S. C. Borland; Treasurer, Mrs. E. Snow.

COLORED VOTERS.

A Determined Effort for Representation on the Republican Ticket.

The American Citizens' Equal Rights Association held a very largely attended mass-meeting at headquarters, 758 Seventh street, last evening. President W. F. Delainey presided, and F. W. Moore attended to the duties of secretary.

The chairman extended an invitation to all of those present who had not signed the roll to come forward and enroll their names. Many swelled the roll of membership by appending their names. The ward canvassers also reported several additional names, principally from the Second, Third, Fourth and Sixth wards.

The Executive Committee reported progress, and asked for further time to report the names of candidates for delegates to support at the primaries, as they have not been able to see all of the candidates they would like to see before making their report.

The committee to secure a representative on the Republican Legislative ticket in the Fifty-fifth Assembly District, in the person of J. B. Wilson, reported progress.

The committee men said that they receive encouragement from a great many of the conscientious Republicans, who believe that the colored Republicans of this county should have one representative, at least, on the Republican ticket out of the thirty nominees for offices, besides the twenty-three Roadmasters in the county and the two constables for each township, making in the neighborhood of sixty-five places to be filled. The committee reported that it intended to persevere to the end, and put the party to the test on the point of willingness to accord the colored Republicans of Alameda county a representative on the ticket.

A code of by-laws and rules of order was adopted to govern the association.

A motion was adopted that the Executive Committee meet on Friday, at 1 P. M.

W. J. Edmonds's resignation from the Executive Committee was unanimously accepted. The meeting then adjourned to meet on next Tuesday evening.

DISCIPLINE OF THE BLIND.

Charges Against the Superintendent of the Home.

A meeting of the Directors of the Home for the Adult Blind was called for this morning, but owing to the absence of Warren Olney and Captain J. C. Ainsworth, two of the Trustees, and of John P. Irish, a third member of the board, who is now ill with the pleurisy, the meeting was not held.

Something of more than usual importance was to have been brought up at this meeting—something that would disturb the usual tranquility of the meetings of the Directors. That something would have been a demand by one of the inmates for an investigation into his treatment at the Home. Clement Martin, who has been an inmate of the Home for some years, has been placed under suspension by Superintendent Sanders, for some trouble that he had with Foreman Brewster of the work shop. Martin claims that his suspension was unwarranted and he has demanded an investigation by the board.

Superintendent Sanders says that Martin broke the rules of the Home, refused to apologize, and that the discipline of the Home required that he be punished.

The suspension consists in refusing to allow the punished one to work in the shop, though his board and lodging are still furnished him.

Railroad Firemen.

The second biennial convention of the Brotherhood of Locomotive Firemen began on Monday in San Francisco. The delegates were welcomed by Governor Waterman and his staff in full uniform, and by M. A. Dorn on behalf of the Native Sons. Grand Master Sargent made an address, and the afternoon was devoted to the reception of delegates. The convention adjourned over the holiday, and the session will continue through the week.

Amateur Editors.

A number of amateur journalists from various parts of the State assembled at 1110 Twelfth street, Oakland, on Monday, and organized an Amateur Press Association. The following officers were elected: President, Roland Letts Oliver; Vice-President, Adrian ten Bosch; Secretary, Nicholas ten Bosch; Executive Committee, A. J. Frey, L. H. Magary, John H. Schleiden, and Joseph Redfield.

Mrs. Gelwicks has removed her studio to room 1, New Blake Block. Her new apartments are large and well lighted, and will very much please her students. A TENTED TOWN.

Encampment of the Seventh Day Adventists.

THE WORKERS' MEETINGS BEGAN TODAY.

Some Noted Visitors Expected From the East—The Services and Arrangements.

In a tented town, that stretches from Broadway to Market street, between Twenty-fifth and Twenty-sixth streets, the Seventh Day Adventists are assembled in annual encampment. They have met to hold a grand State conference, and the proceedings will have added interest this year, for, in addition to the delegates from all along the Pacific Coast, some distinguished visitors are expected from the East, among them being Professor Olsen, of Michigan, President of the World's Conference, and other noted elders, such as Underwood, of Ohio, Gates, of Colorado, and A. T. Jones, of Michigan.

The business of the encampment proper will not commence until the 17th inst., and will last to the 30th, but what is known as the workers' meeting started today, and will continue incessantly during the interim. The "workers'" course consists of training missionaries, Sabbath-school teachers, lecturers, etc., and they will be instructed in their duties by Dr. E. J. Waggoner and Professors M. G. Wilcox, H. A. St. John and S. M. Curtis.

After the encampment is thrown open to the public on Wednesday next there will be services at 10:30 A. M. and 2:30 P. M. and 7 P. M. and excellent music will furnish an added interest to the proceedings which will be conducted by able speakers and noted divines. Meals will be served on the ground in a huge tent and all possible accommodations will make the stay of the visitor pleasant. In addition to the services there will be business meetings for the campers for the main object of the assemblage is the election of officers and arranging for the work of the tract and missionary societies and the Sunday School Department.

A TRIBUNE man this afternoon journeyed out to the scene and found himself in the midst of much activity. Wagons were emptying their contents of bedding, furniture and other camping necessaries at the tent doors, shirt-sleeved busy men were hammering away on new structures, women and children lent a hand to putting things ship-shape, and on every hand was discernible evidence that the campers intended to make their stay in Oakland comfortable. Some of them had come from far inland counties, journeying all the way by wagon-road, but they made the trip one of pleasure, for they started with plenty of time to spare and covered the distance by easy stages. The dwelling tents, all of which are the property of the conference, are all good-sized structures, divided into bedrooms and living-rooms, and the floors are canvassed so as to make a little more pleasant footing than the rough ground about.

The campers are not all here yet, but by the advices in possession of the Secretary, by Wednesday next there will be 275 families on the ground.

The central tent, in which the public services will be held, is a fine pavilion of canvas, 100x150 feet, and in the interior seats and a platform will be arranged. There is also a Sunday school tent, 60x100 feet, which can likewise be used for public services, so there will be ample accommodation for all who come. The whole camp ground is in thorough system, for there are special tents for officers, reporters, receptions, creche, and there is a big book tent in which, on shelves, an array of works and hymn books will be offered for sale.

The restaurant tent is 50x70, and near it is a huge kitchen and commissary department well stocked with provisions. The whole thing is in charge of President J. N. Loughborough, aided by Elder E. J. Waggoner.

This afternoon the Judiciary Committee recommended that liquor licenses be granted to the following: H. Petermann, Mount Eden; Rhode Brothers, San Lorenzo; Constant Sigrist, Mission San Jose; Harry Hansen, Doughertys; William Brynor, Emeryville; Webb & Speiser, Forty-first street and San Pablo avenue; John Maher, Stock Yards; John Maher, Oakland Trotting Park; George Thorn, Newark; Albert Marsh, Doughertys, Frank S. Margarito, Decoto.

CLEARING A TRACT.

Removing Buildings, Trees, and Shrubbery From the Military Academy Property.

The shrubbery and flowers have been cleared off of the property formerly occupied by the California Military Academy, and the trees are being cut down, in preparation for dividing the tract into town lots. The old buildings are being moved off, and the dormitory is already on its way down town, and in a few days hardly a trace will be left of this old appearance of the historical "McClure's Academy."

AN UMPIRE OF UMPIRES.

Criticism of Decisions, as Well as Balls, Strikes, and Put Outs.

Patsy Cahill has given up all hope of getting an engagement in the California League, and as a last resort has signed to play with the Portland nine.

Lookabaugh, of the San Franciscos, has turned out to be a great twirler and is improving every game. He seems to be more effective against the Colonels than any other team.

There will be a championship game played at the Haight street park every day this week. If the Colonels are lucky in winning games they will come very near overtaking the Senators in the league race.

Ned Morris, the released Brotherhood player, has commenced an action to recover his salary. He will bring a new suit every month. Morris claimed that he signed a contract to play two years, and could not be released.

Now comes Colonel Tom with a nice little story. He says he has received an offer to manage the Club at Coronado Beach, next season, at a salary of $200 a month. He might accept the offer and send Tip O'Neill as his proxy.

Joliet, Ill., has the greatest novelty of the season in a baseball way. A man named Leonard out there is the proud father of eighteen children, and he has organized a ball club, eight of the boys and the father constituting the team.

Mr. Hellman, of San Diego, is signing players for a team to play in that city next season. He has already secured several members of the Sacramento team. He also is trying to secure some of the Oakland players.

Colonel Robinson has paid little attention to baseball matters during the past week. He is an active member of Piedmont Parlor, and has taken a great deal of interest in the celebration. The Colonel is a thoroughbred Native.

Little Sweeney has proved a great find for Colonel Tom. In the language of Ned Thayer he plays ball like a demon. At the bat he can always be depended upon for a hit, while in the center garden he comes very near being the equal of Denny Long.

Pete Lohman still continues to do all the catching for the Oakland nine, and shows no signs of breaking to pieces. Pete is the best catcher that ever played with the home nine. He always wears a smile, no matter how rank the umpire's decision against his team may be.

Jevine, who played with Oakland a short time last season, recently had an exciting experience while acting as umpire in a game at Denver. He gave a decision which tied the score and the crowd tried to mob him, and he sought safety in flight. They then threatened to lynch him.

Colonel Robinson informed me that he is satisfied that he can win the pennant with his present nine, and if the boys continue to play ball like they have during the past week there will be no releases until the end of the season. All the members of the home nine are receiving fine salaries.

The violent death of Umpire Ben F. Young, near Tacoma, closes the career of a persevering but unlucky man. Mr. Young was a man of good education, and of splendid address, and in many other vocations would have been a splendid success, but on the diamond his decisions were disliked by many.—*Exchange.*

When Colonel Robinson remains at home when his team is in the country he gives entire control to Captain O'Neill, who looks after the receipts and disbursements of the team. Tip is considered by the Colonel a good business man and hence places much confidence in him.

Eighty-six different players have appeared in the California League during the present season. Of this number Stockton had twenty-seven, Oakland nineteen, and San Francisco and Sacramento twenty each. The in and out fields of the Sacramento field remain the same now as it was at the commencement of the season.

Of the California players in the National League, Smalley ranks below sixty batsmen, with a percentage of .217. He ranks fourth among third basemen, and Denny is fifth. Veach ranks forty-ninth among the batsmen and ninth as first baseman. Hardie ranks twelfth out of seventeen catchers and is seventy-six in the batting record.

Many people are anxious to know what salary the Colonel receives for managing the Oakland nine. Their curiosity will not be satisfied for the Colonel does not receive a stated salary. He receives a certain percentage of the gate receipts in all games in which his club participates. From this amount he pays the players and then keeps what is left for himself. It is safe to say that Colonel Tom earns over $200 a month the year around.

Umpire McLaughlin still clings to the California League, notwithstanding the fact that it has been intimated to him by the directors and the public that he has proved a total failure as an umpire, and his services are now wearisome. It would appear that Mack proposes to hold on until he is fired. He is one of that kind that does not believe in hints. However, he may be mobbed in Oakland, and that will be an easy way of getting rid of him.

When Colonel Robinson proposed the scheme of opening baseball grounds at Emeryville, his colleagues in the California League laughed at him, and declared that the visiting clubs would not make enough money to pay their expenses across the bay. The Colonel, however, was persistent, and declared that he could make the grounds pay from the start. In his statement the other managers did not put much faith, and declined to play ball in Oakland unless they were given a guaranty of $25 each game they played. So the Colonel was compelled to put up $25 every time a visiting team played in this city. However, the Colonel has not lost any money, for his scheme of Friday games has paid well from the start, and the attendance is increasing every week. As for the Sunday morning games, he simply coins money, and is compelled to hand over only $25 of the receipts to the visiting club. The Colonel was the only man who had to take any risk, and if there are any rewards to reap he should be the man to get them.

THE UMPIRE.

THE GREAT TENNIS GAMES.

A Critical Account of the Tournament at San Rafael.

Monday was the opening day of the great tournament at San Rafael for gentlemen's double and ladies' singles, for the coast championship, and the array of players caused the grand stand to be packed.

The Cooke brothers were easily defeated by Wilberforce and Bee in a very one-sided match, devoid of any especial interest. The same fate befell Sanborn and Breck at the hands of Yates and Kilgariff, although the games were this time more even than the former, Sanborn's hard left-handed service winning several games, and Breck's front-hand drives into the back court proving a hard problem for Yates and Kilgariff to solve.

Stewart and Dickey were not in it with McGavin and Tobin, and Wheaton and Griffin, after making a plucky fight, finally succumbed to Yates and Kilgariff.

The Magee brothers took their set by default, and Hoffman and Bates defeated Hartley and Smith, of Sacramento, by a score of 6—2, 6—0.

Thus far the games had been without any particular interest, none of them being close enough to excite even the wildest kind of an enthusiast. Oakland's chief hopes were centered on Hubbard and Haight, and next to them Folger and L. Haight. The latter were drawn against the De Long brothers, and thoroughly expected to win, but the De Longs fooled them by their erratic plays, neither of the Oakland boys knowing just where to look for the ball when it did come over. The sets came close but were not of interest to tennis cranks, seen from a partisan point of view. The De Longs finished in the lead after being obliged to play three sets.

The play throughout the match was decidedly amateurish and the Oakland men could do much better another time. Louis Haight got mad and rattled Folger who commenced putting the majority of his strokes into the net.

Oakland now centered her hopes upon her star team, Hubbard and H. Haight, who were playing on the other court against Wilberforce and Bee.

Without doubt these sets were the most exciting and the best played ever seen on the San Rafael grounds, and the succession of brilliant plays on both sides was simply astonishing. The first set ended in the favor of Bee and Wilberforce by 10—8, and they won through the marveilous play of Wilberforce at the net and some clever strokes of Bee from the back court.

Hubbard and Haight reversed matters in the second set, and by brilliant play won the set 7-5.

The last set was begun on the west court, but on account of the shade on a portion of the court the Tournament Committee transferred the contestants to the other court.

Hubbard and Haight still continued the brilliant play and soon made the score 5-3 in their favor. They looked sure winners and the Oakland contingent was wild with excitement. It was now Wilberforce's serve. He served carefully and evenly and Hubbard and Haight carefully and evenly banged each serve into the net until the score stood 40-love. By some mistake, Haight then put the ball over the net and Bee was too weary to get it back. This, however, had a demoralizing effect upon Hubbard, who banged the next dew drop into the fence behind Bee. Haight then commenced to serve and everyone thought that the game was Oakland's, but no, for some unaccountable reason they still stuck to the net play and lost, making the score 5-5.

Oakland now gave up hope, for when Hubbard and Haight get started down hill, they cannot rally. Bee won on his service and Hubbard presented them the last game on his, the ending of a really brilliant match, being ten double faults. Score 7-5. No one seems to know why it was they failed so towards the last, for Bee and Wilberforce did not improve any, but fail they did and so threw away their chances for second place.

Miss Bayley was, unfortunately, defeated by Miss Walker, of San Rafael, but will do much better next time, as she was nervous and excited over her first match, besides being out of practice.

It is to be hoped, that more ladies will enter next time, and the example set by those now entered is a good one.

TUESDAY'S PLAY.

As was expected, McGavin and Tobin readily defeated the High School boys, Hoffman and Bates, in two short sets. Score, 6—0; 6—2.

Yates and Kilgariff astonished the talent by picking up in their play and defeating Bee and Wilberforce.

Tobin and McGavin lost one set to the Magee brothers, but pulled themselves together and downed them in the next two.

This left the finals to Tobin and McGavin against Yates and Kilgariff.

Tobin and McGavin won quite readily in four sets, and, with the match, won the title of Coast champions.

Miss Wilkinson, of Berkeley, by good headwork defeated Miss Gibbs and Miss Walker in rather short order, thus establishing her right to the title of Coast champion, much to the delight of the Lakeside members, who, at last, have a champion carolled on their list.

BASEBALL ON THE HOLIDAYS.

A Seesaw Between Oakland and San Francisco.

Colonel Robinson had two games scheduled to play with San Francisco yesterday, one in Oakland and one in San Francisco. The Colonel came to the conclusion that Oakland would be a deserted village on Admission Day, and that there would be little or no money inside the gates, so the game that was to have been played in Oakland on Tuesday morning was played in San Francisco Monday, much to the benefit of the Colonel's pocket.

Coughlin pitched on Monday for San Francisco, but a few bunched hits and some ragged support gave Oakland the victory.

RUNS BY INNINGS.

	1	2	3	4	5	6	7	8	9	
San Francisco	1	0	3	0	0	0	0	0	0	—4

Oakland	0	3	2	0	0	0	0	0	0	—5
Base hits	0	4	3	0	0	1	0	0	0	—8

Oakland was not in the game yesterday. Carsey kept the hits well scattered, but there were fielders' errors and battery errors, and that lost the game by the following score:

Stockton was beaten by Sacramento yesterday, by a score of 10 to 2.

THE BICYCLE ROAD RACE.

A San Jose Rider Wins the Prize for the Twenty five Mile Race.

The bicycle races on the San Leandro triangle on Monday were very lively. There were twenty-two entries and nineteen of these were handicapped from one to eight minutes. The winners and time were as follows:

The time prizes were won as follows: First, H. A. Payne, 1:31:01; second, Julius Smith, 1:31:32⅔; third, W. W. Needham, 1:37:36. Elwell made the best record—1:31:31.

A Football Game.

The Young Mens' Christian Association and the Hopkins's Academy football clubs played a match game at the corner of Thirtieth and Linden streets, on Monday afternoon, resulting in a tie. The teams were as follows:

Hopkins's Academy—P. Allen, back; Grove, Grigsby and Duston, halves; J. White, quarter; R. Sherman, G. Graham, H. Graham, G. Burk, W. Belcher, Huber and Leven, (substitute for Sherman, disabled), forwards.

Young Mens' Christian Association—Read, back; C. P. Morse and O. Taylor, halves; C. Pomeroy, quarter; W. Foote, A. Hunter, C. Myrick, E. Pomeroy, Biddle, Neddermann and Prescott, forwards. Referee—F. Monet, Oakland High School.

NATIONAL CASH REGISTER.

MERCHANTS: Systematize your business. A person who does business by rule, having a time and place for everything, doing his work promptly, will accomplish twice as much, and with half the trouble, as one who does it carelessly and slipshod. Take nothing for granted, but know what should be in your cash and credit drawer without counting it. After every transaction go to the National Cash Register; if a cash sale, press a key representing the amount of the sale. After a credit sale is made go to the Register, press the charged key, and put the duplicate tag in the cash drawer. At night, the adding wheels will show how many charge memorandums should be in the drawer, as well as the amount of cash that should be there. They cost you nothing; for they absolutely pay for themselves out of their savings. Read the following testimonials of well known Oakland business men. Investigate and be convinced:

OFFICE OF KIRKLAND & TROWBRIDGE, Pharmacists, 971 Broadway,
Corner Tenth Street.

We have been using the National Cash Register since January 1st, and it has worked to our entire satisfaction. We would not part with it for TWICE ITS COST. On credit sales *alone* we believe it will pay for itself in *one year's time.*

Very respectfully, KIRKLAND & TROWBRIDGE.

Office of M. M. SAMSON, Wholesale and Retail Butcher and Pork Packer.
471 Eleventh St. and 1014 Washington St., Slaughter House,
Oakland Stock Yards. Consignments Received on Commission.

I HAVE been using the National Cash Register now for nearly four years, and my experience is, so far, that if I had had the same Register ten years ago I would be worth a great deal more money.

AT FIRST, when you came to me to sell a Register, I thought that $200 was a great deal of money to pay for such a thing, but I readily and cheerfully state that in case I could not get another Register, *I would not take $1000 for it.*

Furthermore, I say that every business, no matter how small, should have one of these Registers, because it will *pay for itself* in a very short time. I have tried it, and have found out exactly what a Cash Register will do. It will make any and every business perfect.

Yours respectfully, M. M. SAMSON.

a. Before acceptance of the roadway, including curbing, as provided by law, the street must be graded to the official grade throughout its entire width, also curbed and macadamized in accordance with the then existing specifications for such work adopted by said Council, or, in lieu of such macadamizing, shall be paved with bituminous sandrock, asphaltum, Belgian blocks or compressed asphaltum or bituminous sandrock blocks.

A DAY OF DAYS.

The Glorious Pageant of the Native Sons.

OVER SIXTEEN THOUSAND MEN IN LINE.

The Splendid Showing Made by the Alameda County Parlors—A Short but Snappy Parade in This City.

Yesterday's parade of the Native Sons in San Francisco was certainly by far the most picturesque pageant ever seen in the streets of the metropolis, and probably it was the largest outturning of marching men. It is estimated that more than 16,000 men were in line. They were promptly and efficiently handled, started nearly on the advertised time, and marched for several hours with hardly a halt. They walked through throngs of pleased and cheering people, complimented everywhere by those who are proud that California has a society of young men which can arrange the most successful parade ever held on the coast. Even the foreigners acknowledged that they had seen nothing superior to that procession in the lands of their birth.

There were twenty-one divisions in the parade, representing the militia, the "real soldiers," the civic authorities, consular officers, the pioneer days, and fraternal orders, as well as the Native Sons. In the succeeding divisions the Alameda county parlors made up the larger portion of Division 9. The men from this county were fully as attractive in appearance as any in the line, and they were generously applauded wherever they went.

In the morning there was a short, but snappy, parade in Oakland, with Varney W. Gaskill as marshal. The line formed on Washington street at 8:30 o'clock, marched up Washington street to Fourteenth and down Broadway to the creek boat landing. The line was headed by a platoon of police, under command of Captain W. F. Fletcher, followed by the Second Artillery Band, N. G. C., and Company C, Third, and A and F, Fifth, regiments, this battalion under command of Captain Henry Levy of the Third. Then Alameda City Band followed, then Oakland Parlor, having the right of line. The two Alameda parlors came next, Brooklyn and Piedmont parlors, with the Oakland City Band, bringing up the rear.

After this local parade the Alameda county contingent went to San Francisco on the creek boat and formed on the west side of Beale street. Dr. George C. Pardee was Marshal of the division and George H. Mason and Henry Peterman were his aids.

Oakland Parlor No. 50 was headed by the Second Regiment Band and commanded by C. W. Cook. The parlor turned out 100 men, neatly attired, and marched with particular precision. In its front was a great floral globe, which was one of the most artistic features of the parade. Two little "devils" carried refreshments for the worn and weary.

Alameda No. 47 followed, the members being attired in white negligee shirts, red, white and blue neckties and straw hats. With the parlor was a float representing a market garden, in which red-shirted men were planting and gathering the ever recurrent crops of vegetables. G. E. Albers was in command and the Alameda City Band furnished the music. F. G. Robinson gave a very creditable representation of a packing miner of pioneer days. Seventy-five men were in line from Alameda Parlor.

Marshal P. C. Brock looked after the sixty-one Native Sons from Halcyon Parlor, No. 146. The members carried Japanese parasols and made a splendid showing. J. S. Josselyn drove an ancient stage coach, in which were seated six pretty Alameda girls attired in the fashion of earlier times. On the coach was the inscription "Halcyon or Bust."

Los Positas Parlor, No. 96, brought thirty men, with W. Galway at their head, down from Livermore. They wore white jackets and soft black hats.

Eden Parlor, No. 113, of Haywards made an attractive showing. Its seventy marching members were arrayed in white negligee shirts, white hats and sashes of red, white, and blue. Fred Russell was in command, and their music was furnished by Bennett's band.

Piedmont Parlor, No. 120, mustered 100 men under J. F. Rooney, and was one of the features of the division and the parade. The Oakland City band, with twenty musicians and a stalwart drum major, made music for the Piedmontese Sons to keep step to. Fifteen colored men, dressed in spotless white, carried the parlor's banners and refreshments. The costume of the members, like that of the Oakland Parlor men, has already been described. Following the parlor was a young elk harnessed to a cart and driven by little Miss Lelia Brackett.

Wisteria Parlor, No. 127, came from Alvarado, forty-four strong, with B. A. Brown as marshal. The members wore striped shirts and brown hats, and got a lot of applause.

Preceding the fifty men of Brooklyn, No. 8, was a drum corps, and I. E. Littrell, the marshal. Joseph Sullivan, the tallest Native Son, born in this county 26 years ago carried a banner for his parlor and poked his seven feet and one inch of height above the throng. This parlor also has, in J. C. Plunkett, who was born in San Francisco in 1848, the oldest member of the order. In the parade the costume of the Brooklyn boys was of solid black, with black silk shirts. Behind the members came a wagon containing a goat stained in the national colors. Over the wagon floated the legend, "The Goat We Ride."

This completed the list of Alameda county parlors. No section of the parade was more admired and applauded than theirs.

During the afternoon literary exercises were held in the Grand Opera House Mayor E. B. Pond welcoming Governor R. W. Waterman to the city. In the evening there was a magnificent display of fireworks and a grand ball at the Mechanics' Pavilion. Oakland Parlor, which had headquarters at the Occidental Hotel, was given a toothsome luncheon by Major Hooper, the proprietor. Piedmont parlor kept open house at its beautifully decorated rooms on Washington street all last evening and today. Sunset parlor, of Sacramento is its especial guest.

Today the festivities are being brought to a close by an excursion on the bay. This morning the steamers Encinal, Bay City and Newark left Mission street wharf bearing large crowds, with a band on each steamer. The following is the course: Past the Union Iron Works, thence over to the Alameda shore, thence passing Goat Island, thence to Black Point, passing Fort Point, thence over to Lime Point, thence passing Alcatraz and Angel islands, thence through Raccoon Straits, thence passing Rock Point and the Brothers through San Pablo Bay, through the Straits of Carquinez to the Navy Yard at Mare Island, where a landing was made for the inspection of the island, thence return home. Refreshments were served by the Reception Committee of the celebration.

This closed the most successful holiday festivities ever held in California.

PIEDMONT PARLOR RECEIVING

Piedmont Parlor is keeping open house at the rooms in Native Son's Hall on Washington street today, and is receiving a great many visitors from the different parlors.

Refreshments will be served until midnight tonight.

This evening the hall will be illuminated, and several of the visiting parlors will attend in a body.

THE THRONG OF PASSENGERS.

All Three Routes Carrying Great Crowds of People.

The Gates Closed Upon Many Who Were Not Permitted to Board the Crowded Ferry Steamers.

For once the three routes to San Francisco were inadequate to carry the passengers who wished to cross the bay, and no estimate of the number who traveled on the ferry boats yesterday can be made until the official returns of the ticket collectors have been received at the pier. The broad gauge route by way of the pier had the heaviest travel, as the main line trains all came in crowded. The ferry boats on the morning trips were packed until not another passenger could be crowded on, and then the gates were closed and many passengers in the waiting room were not permitted to board the steamer until the next trip.

On the narrow gauge route three extra cars were run on each local train and they were crowded even to the lower steps of the platforms. The boats of the creek route were also thronged, and although boats were run every hour, there were always more passengers waiting than the boat could carry, until way after noon.

The trains and boats were handled very carefully by those in charge, and not an accident or a disaster of any kind happened during the entire day. An official at the pier gives 50,000 as a near estimate of the number of persons crossing to San Francisco, including passengers by the trains from the interior, but this is probably too high.

As a natural result of the crowded condition of the ferry-boats and trains yesterday, a number of passengers lost some of their baggage, which is awaiting owners at Superintendent Wilder's office. There are umbrellas, bundles, satchels, hand-bags and purses in the lot, and the owners may recover their property by calling at the superintendent's office at the pier.

THE FAIR OVER.

Yesterday's Racing Events—An Exhibition Trot by Stamboul.

After eight days of good sport, good attendances and good weather, the Golden Gate Fair is over. It closed yesterday afternoon, with some special racing, one feature of which was an exhibition trot by Stamboul, and the event was witnessed by a large concourse of people, the good attendance being quite unexpected, owing to the many counter-attractions across the bay.

Monday's running races produced some lively results, though there was a good deal of kicking about the third race, starter Combs leaving four horses at the post when he dropped the flag. The first event, seven-eighths of a mile, was contested by Nero, Mystery and Accaim, and they came in, in the order named, in the good time of 1:03¾.

Applause carried off the honors of the second race of one mile and 100 yards, Larghetta finishing second and Nerva third. Joe Viva, Albatross and Hernanda were unplaced. Time, 1:48¾.

Only three horses ran in the third dash of five-eighths of a mile—Lyda Ferguson, Larena, Juanita and Installation not getting a start, though they were at the post. Gambo won the event, Kildare second, and Ida Glenn third. Time, 1:02¼.

The last event was a mile and a quarter, and Lurline surprised the talent by carrying off the race by a neck from Alfarata in 2:08. Raindrop was third, and Peel Mute, Wild Oats, Captain Al and Fanny F were unplaced. Time, 2:08.

Yesterday's Races.

On the programme yesterday was the exhibition trot by Stamboul, who came out with Johnny Goldsmith in the sulky and made the circuit in 2:22, going easily for the first half, but making the rest of the distance at a 2:18 gait. He was rested a little and then sent around again, making the quarter in 0:33½, the half in 1:08¼, the three-quarters in 1:42¼ and the mile in 2:17¼, good time considering that he is not in very good condition.

The races started with a trot for the Dexter purse of $1200 by Silas Skinner, Una Wilkes, Beaurey Mc, Bob Mason and Charles Derby. Silas was first choice in the pools and sold at $40, with Beaurey second choice at $20 and the field $11. Beaurey Mc and Charles Derby cut out the pace at first, but Silas came with a rush at the end and won out in 2:21, Beaurey finishing second and Una Wilkes third. Time 2:21.

Pools now sold, Silas, $70; Beaurey, $11, and the field, $20, and the favorite made his backers happy again, for, although Beaurey made a big bid for victory in the stretch, she could not reach him, and he won by one and a-half lengths. Una was again third. Time, 2:20½.

Silas commanded $50 in the pools and the field $10, when the horses came out for the third heat and Silas again came in first, though it was decided a dead heat between him and Beaurey, who was second, because the former ran a part of the way. Una Wilkes was third. Time, 2:21¼.

The fourth heat and race also fell to the favorite, Beaurey being once more second, and Una Wilkes third. Time, 2:21¼.

A special trotting race for members of the Oakland Driving Association brought out Charles Baab's Pet, T. Rutherford's Sunset, W. W. White's Beauty, and W. J. Wilson's Mabel. Pet won, Sunset second, and Beauty third, Mabel being distanced in the third heat. The times were, 2:44, 2:40½, 2:39½, 2:42.

AMUSEMENTS.

Hubert Wilke, who had a taking grace of movement, a magnetic tenor voice, and a gypsyish accent when he was "The Pied Piper" of Kiralfy's *Ratcatcher of Hamelin*, will make his appearance at the Oakland Theater this evening and tomorrow evening in Clay Greene's latest play, *Peti the Vagabond*. It is described as a society play, having a gypsy character for the leading role. Mr. Wilke's singing of the Magyar melodies is an attractive part of the performance. The part enables Mr. Wilke to introduce his gypsy songs and dances and wear his picturesque costumes. He will be supported by his own company.

Scanlan will play at the Oakland Theater Monday and Tuesday evenings of next week.

Skins on Fire

With Itching, Burning, Bleeding Eczemas Instantly Relieved by Cuticura Remedies.

Our little son will be four years of age on the 25th inst. In May, 1885, he was attacked with a very painful breaking out of the skin. We called in a physician, who treated him for about four weeks. The child received little or no good from the treatment, as the breaking out, supposed by the physician to be hives in an aggravated form, became larger in blotches, and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong liniments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 20th of last July, when we began to give him CUTICURA RESOLVENT internally, and the CUTICURA and CUTICURA SOAP externally, and by the last of August he was so nearly well that we gave him only one dose of the RESOLVENT about every second day for about ten days longer, and he has never been troubled since with the horrid malady. In all we used less than one half of a bottle of CUTICURA RESOLVENT, a little less than one box of CUTICURA, and only one cake of CUTICURA SOAP.

Cuticura Remedies

Parents, do you realize how your little ones suffer, when their tender skins are literally on fire with itching, burning, scaly, and blotched skin and scalp diseases? To know that a single application of the CUTICURA REMEDIES will often afford instant relief, permit rest and sleep, and point to a permanent and economical (because so speedy) cure, and not to use them, without a moment's delay, is to be guilty of positive inhumanity. No greater legacy can be bestowed upon a child than a clear skin and pure blood. CUTICURA REMEDIES are absolutely pure, and may be used from infancy to age, from pimples to scrofula.

Sold Everywhere. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, $1. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston, Mass.

NATURAL GAS.

Roaring Wells North of Lake Merritt—Gas in Abundance.

The wildest kind of excitement has created north of Oakland by discovery of natural gas in abundance on one of the ranches north of Lake Merritt. The gas vein was discovered while a farmer was boring an artesian well on his property, and when ignited the flame is over 80 feet high and burns with a roar that can be heard for miles. The well has been plugged and a number of others are being bored by way of experiment. Yesterday when the news reached Oakland a rush was made for the field and never since the gold excitement has there been such an exodus. This afternoon the neighborhood of the well resembles a tented army field and hundreds of derricks have been erected already in hopes of striking gas in large quantity. Geologists who have examined the ground say it abounds in petroleum and no doubt the discovery is a valuable one.

To-day thirty more men with their families went to the head of Lake Merritt and the People's Express and Transfer Company is having a busy day attending to their moving. Besides their general express and transfer business they make a specialty of checking baggage at your home to all parts of the world. Parties desiring to go to the new gas wells can summon a wagon through telephone 328, or at the office 423 Tenth street. A new well will be fired to-morrow afternoon at 2 o'clock.

SURPRISED!

The immense business we have done in our LACE CURTAIN DEPARTMENT has been a SURPRISE. The sales have been hundreds of pairs every month for the past four.

WHY?

IT IS BECAUSE WE MARK THE PRICE AT A FIGURE TO MAKE THEM SELL. Many merchants aim to make too large a profit on Curtains, thinking it is a line general buyers do not understand. As we only aim at an honest profit, our prices are much lower than usually made. THIS is the reason we have sold so many Curtains.
